

MASTER FABRICATORS LIMITED has been Nominated The best Bus Coach body building Company by The National Road Safety Agency in Kenya East Africa. The Company has grown over a short span of time to become the market leader in the supply of various types of bus and coach bodies through innovation, design and concept in the industry. The company is able to build the simplest and smallest types of bus to the most modern, comfortable air-condition coaches within the region.

As per our motto **◆Quality, Safety, and Comfort Redefined on Board◆** the company puts emphasis on the use of the best materials and workmanship to design and implement the safest and most reliable safety features, some of which have been implemented here for the first time in the World. The clientele base is vast and covers Kenya, Uganda, Tanzania, Rwanda, Burundi, Malawi, Congo-DRC, Mozambique, Zambia, Sudan and Sub-Saharan Africa.

The company strengthens and positions itself in the market by providing the latest possible bus designs with good comfort at affordable prices. This has been greatly achieved by creating Brand awareness as can be seen in our different brands, where a first time potential customer can choose the correct product for his/her requirement.

WHY US?

- Quality**
We manufacture the best quality Brands, which goes with our Slogan. We try to ensure that the correct types of materials are used and have quality check forms that are filled for every vehicle by the departmental heads and in-house Quality Control Inspectors to ensure we have STRONG and DURABLE buses with a GOOD FINISH and COMFORT. All our products come with a certified Warranty for a year with unlimited mileage cover.
- Safety**
Our buses and coaches are well designed and materials used are above the requirements of Kenya Bureau of Standards and other bus construction standard. Our High End buses come with anti roll cge, splinter glass protection, side impact protection and driver impact zone, for the safety of both the passengers and the driver.
- Comfort and Design**
We are the fore runners in the development of new designs and technologies for the manufacture of buses within the region. Our niche over the market is our consistently changing designs with better aesthetics and increasing comfort on the exterior and interior. A lot of emphasis have been laid to make the passenger feel ◆value for money◆ from the time he/she visualizes his/her travel machine to the actual travel until he/she finally reaches his/her destination, leaving the passenger with an overwhelming desire to come again, as the transporter feels proud about his/her investment and keeps smiling all the way to the bank.
- Sales and Client Service**
Providing good service means taking the time to listen. We will work with you every step of the way to make sure that you receive the service you need. Our business is client-oriented and products are tailor made to customer specifications.
- Costing and Pricing**
We base our costing and pricing in the most economic and affordable way, whereby our clients can enjoy and tailor make their products with our new Computer software to suite their pockets and requirements, or else work on the most economical costing on our existing brands.
